

June 11, 2025

Dear ,

Thank you for your participation in the Regional Affiliate Certificate Group.

Participation in this group has fallen off drastically over the past five years. Companies leaving the program have told us that the customer demand for FSC Certified printing has decreased significantly and, although they like the RACG program, it doesn't make economic sense to continue participating.

Unfortunately, this loss of group members has forced us to make some changes to the RACG pricing structure. The new rates are listed on the enclosed fee schedule and will become effective June 1, 2025.

Thank you again and please do not hesitate to contact us if you have any questions.

Yours very truly,

Tim Freeman, President
